If you only do one motorbike trip while in Vietnam, the Hai Van Pass must be it.

The 'Ocean Cloud Pass' is the most famous and one of the most scenic routes in Vietnam. It's been called "one of the best coastal roads in the world" on Top Gear and it's easy to see why.

The drive up the Hai Van Pass is stunning with great views over Da Nang. At the top of the pass, you'll be greeted by one of the most spectacular views in Vietnam. Once you descend towards Lang Co, you are greeted by an amazing view of the lagoon.

This will be one of your most memorable trips in Vietnam and like all our motorbike trips, it will be custom tailored to you and your own requirements.
